SIFE Heifer Project Card Order Form

In August of 2004, the DeSales University (DSU) Students in Free Enterprise (SIFE) Team embarked on a life changing expedition to Peru. The truly character defining moments were found in the physical and mental challenges presented by the team’s three day climb to Machu Picchu as well as the social outreach within the village of Cuchuma, a Heifer International Project. As a result of the team’s visit and interaction with the villagers, the DSU SIFE team identified their need for a variety of resources for projects within Cuchuma. Of paramount importance is the immediate need for funds to build greenhouses that enable the growth of organically grown crops for year round needs like food and medicines for the families in Cuchuma. The SIFE team has decided to create and sell note cards featuring scenic photos from the Peruvian trip. Proceeds from the sale of these cards will benefit the DeSales University SIFE team’s efforts in assisting the Heifer village of Cuchuma on this and other future projects.

Thank you for your support.
