Adding Streaming Video to a Blackboard Course

Colleen Kramm
Instructional Technology Department

Step 1
Log into Blackboard.

Step 2
Select the course that will contain the streaming video.

Step 3
Select the content area that will contain the streaming video, such as “Course Docs” in the example below.
Step 4
Select “Edit View” in the upper right corner.

Step 5
Select item from menu bar.
Step 6
Enter a title for the video and in the text editor box, type any phrase such as “Click here to view video” or “Click for Video” for example.

Step 7
Highlight the phrase and then select the hyperlink button on the formatting toolbar as shown below. (Note: As of 6/24/06, the formatting toolbar is only available when using Internet Explorer)
Step 8
As you will notice, the Hyperlink dialogue box opens. This is the location where the link to the streaming video will be entered. Type, or copy and paste, the link into the URL box as shown below and select “ok” to close the dialogue box.

Step 9
As you will notice, the phrase is now a hyperlink. Scroll to the bottom of page and select “Submit”.

Step 10
Test the link to ensure the URL was entered properly. The streaming video should open in a new window and start to play.
