Off-Campus Access to Library Databases

From the library home page (www.desales.edu/library), look for the section (top center) entitled “Electronic Databases.”

Click on the first link beneath the “Electronic Databases” heading: Access our Online Databases & Journal List

Our databases are arranged under various tabs: Online Encyclopedias, General Subject Databases, Specific Subjects (drop-down to choose a subject), and Newspapers. Click on the desired tab, and then on the name of the database you wish to search. If you are off campus, you will be asked to verify your student status before being given access to the database.

When you click on the name of the database of your choice, the next screen you see will contain a blue box requiring you to enter your name and barcode in order to verify you student status here at DeSales:

After submitting the required information, the interface for the database that you chose to access will appear. If you are denied access for some reason, call (610-282-1100, ext. 1266) or email us at asklib@desales.edu and we will work with you to fix the problem.
